Clifton College

Clifton College is a traditional English boarding school that values very highly the international dimension and the cosmopolitan atmosphere brought to the school by its overseas' boarders and its summer school students. In term-time, the school teaches over 1200 pupils (20% from overseas) and in the summer there are up to 400 residential students at any one time from more than 15 different countries. The summer school runs for six weeks in July and August and is open to groups (8-17 yrs) and individual students (13-17 yrs) for 2-4 week stays.

Location

Bristol is the second largest city in the south of England after London and has a population of nearly half a million people. It's an interesting and exciting city which combines a fascinating history with a modern trendy feel. Bristol is made up of many different districts including the very attractive area of Clifton which is only a 20-minute walk from the city-centre. The College is just a short walk from Clifton Village with its shops, cafés and local amenities...not to mention the famous Clifton Suspension Bridge and Bristol Zoo. Bristol International Airport (BRS) is 15 km away and London Heathrow (LHR) is 175 km.

Campus Facilities

The College is set in extensive, safe, attractive grounds with excellent residential, educational and sporting facilities. On campus there are large spacious playing fields, tennis courts, a sports hall and a 25m indoor heated swimming pool. Students also have access to the student café, the school shop and the computer room. WiFi is available in most areas of the campus and in the boarding houses.

Accommodation

Students are accommodated in 9 different boarding houses which surround the main campus (see campus map). Each house has between 30-60 beds in different-sized rooms of 1-6 beds per room. Kids are generally accommodated in 2-6 bedded rooms and Teens in 1-4 bedded rooms. Group Leaders have single rooms unless otherwise requested.

The College provides bed linen and towels and a weekly laundry service for light items of clothing (underwear, socks, T-shirts etc). Girls and boys are accommodated on separate floors or in different parts of the boarding houses and have separate shared bathrooms with toilets, showers and washbasins.

There is a common room or "House Hall" in each boarding house where students can relax, socialize with each other, watch TV or DVDs, play cards or board games...all under the watchful eye of the residential staff. Individual students are all accommodated in the same boarding house under the careful supervision of the experienced pastoral team. They form an international group and have activities and excursions together.

Catering

The College has two self-service dining rooms and provides the students with 3 wholesome meals each day. Breakfast is continental during the week and cooked at the weekend. Lunch and dinner consist of soup with bread, pasta bar, a main dish, vegetables, salad bar, desserts and fresh fruit basket. Packed meals are provided for full-day excursions, late arrivals and early departures and there is a weekly barbeque (weather permitting!).

Summer Courses

Summer Courses at Clifton College are for international students aged 8 – 17 who are visiting the UK for a short period of 2 – 4 weeks. We welcome groups of students aged 8 – 17 accompanied by one or more Group Leaders and individual students aged 13 – 17. The courses combine English language tuition, general or specialist activities and classes, events, local visits and excursions to places of interest.

Intensive English Course (entry level: B1) is an extra 10 hours per week of General English for those students wishing to make additional progress with their communication skills in English (speaking, listening, reading, writing). The extra lessons will complement the morning classes and lead to a more rapid overall improvement.

Academic English Course (entry level: B2) is designed for students who are interested in studying in an English-speaking environment e.g. at a UK, US or International High-School or at a university where English is the common language. The course is 10 hours per week and is for students with a level of B2 and higher. It offers an introduction to the differences between General and Academic English as well as helping students to develop the communication skills that are necessary for studying academic subjects in an English-speaking context.

General, Intensive and Academic English Courses are provided by Bristol Language Centre (BLC)

Individual Sports Coaching (13-17 yrs; 1 or 2 weeks)

These courses are for athletic students wishing to experience high-quality professional coaching in their chosen sport. Students will receive 9 hours per week of tailor-made one-to-one coaching in English.

Tennis Coaching takes place on the College's own courts and is delivered by a team of LTA-qualified coaches from Absolute Tennis Bristol who also coach the Clifton College tennis teams throughout the year.
