IELTS

AIPE has developed two English language courses designed to prepare students for the IELTS (International English Language Testing System) test: IELTS Preparation and Advanced IELTS. While students have the option of focusing on the General Training or Academic IELTS test, the course has an academic focus.

IELTS PREPARATION

» CRICOS CODE: 063223G

AIPE's IELTS Preparation course is a comprehensive introduction to the IELTS test format, which will introduce you to skills and strategies needed to be successful in your studies. We develop these skills through a broad range of speaking, listening, reading and writing activities, while building vocabulary through a variety of classroom tasks and exercises. The course caters to students who will sit the General Training test or Academic test and are aiming to achieve an IELTS band score of 5.5 or 6.0.

AIPE and Technology

AIPE provides a sophisticated educational environment both online and on-campus. A key component of this is the use of StarBoard software by Hitachi.

AIPE is a leader in the use of education technology with its use of StarBoard interactive whiteboard technology.

Every classroom at AIPE includes an interactive whiteboard, which enables the teacher to create an excellent learning environment for students, making learning enjoyable and meaningful.

The interactive whiteboards allow for connection to the Internet and databases so that teachers can ensure the information provided in their lessons is up to date. They can also save and email to students any work produced on the whiteboard so that students always have a record of their classwork.

Extra Benefits at AIPE

- > great location close to all services
- > free high speed SHDSL Internet access
- > free wireless Internet access
- > free personal AIPE email account
